

# Quiz Submission View in Brightspace

- It is important for students to be able to view feedback on quizzes. In order to provide direct feedback to students in the Brightspace learning environment there are a few simple steps you can do to make the process more streamlined.

## In Brightspace by D2L

- 1) To begin go to Edit Quiz on the quiz you wish to provide feedback on.
- 2) Click on the **Submissions View** tab.
- 3) Near the top of the page, there is a hyperlink titled: **Default View**. Click on this link.
- 4) On this screen you can:
  - a. Change the immediate response given to students when they submit a quiz.
  - b. Determine if the questions are shown and how.
  - c. Choose how the score is shown.
  - d. Show Statistics about the quiz.

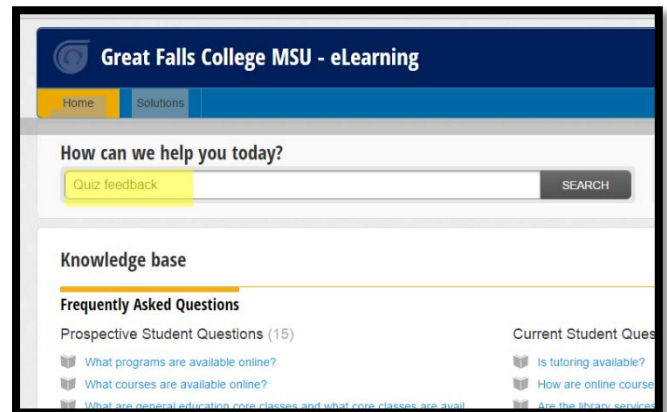

- 5) If you wish to leave this view and want to set parameters for another view at a later date, you can choose to **Add Additional View**.
  - a. Title the view
  - b. Explain or give directions in the text field.
  - c. Set Date Restrictions.
  - d. And as above, you can determine what students see in this view.

## Finding Feedback as a Student

eLearning has provided directions on how to read feedback on quizzes in our Freshdesk Help Desk Site in the Solutions Area. In order for students to find this information they simply need to go to:

<http://gfcmsuelearning.freshdesk.com/support/solutions> .

This site is extremely helpful and you might recommend that students bookmark it for future reference.
